Finish code

Finish description

Component reference

Material

— Wood types

In order to interpret the wood finishes correctly, please note that the first indication (essence) identifies the wood material of which the finish support is made of. The second indication (finish) identifies the product stain and corresponds to the p... Code. The finish code is very useful as it makes products with the same finish easy to combine, even though the wood essence is different. The stain color samples in "Finishes" section show all the different wood essences. Structural and dimensional qualities are reproduced accurately. Wood is a living element, therefore slight color variations may occur, depending on the structural differences of each wood essence.

— Metals - plastic materials - washable synthetic fabrics

The "p..." Code identifies the color of the item component. The stain color samples in "Finishes" section show all the different types of materials. Structural and dimensional qualities are reproduced accurately. Slight color variations may occur, depending on the structural differences of various materials.

— Fabrics and fabric fibres

The three-digit code identifies the color of the fabric for each item / component. Each fabric batch can show color differences compared to the fabric samples and to the products manufactured at different times. As for the removable covers cleaning we recommend to follow the care instructions.

— Soft leather, leather

The three or four-digit code identifies the color of the soft leather / leather for each item / component. Any natural sign, characteristic and color difference compared to the samples is not to be considered as a defect but as a unique feature of real leather or leather, therefore making it an authentic product.

Made To Order upholstery program

The Connubia Made To Order program offers the possibility of customizing best seller upholstered chairs with a wide range of coverings.

The minimum order quantities for this program are:

- 2 pieces for stools.
- 4 pieces for chairs.
- 2 pieces of head table armchairs.
- 2 pieces for chairs and armchairs, only if ordered in combination with other items (i.e. 1 table, other chairs, etc. object excluded). A 20% surcharge will be automatically applied.

For this collection are available only the fabrics marked with the symbol  and present here below and in the section “Made To Order PROGRAM” at the end of the pricelist.

The lead-time to our warehouse is foreseen within 6 weeks from order confirmation.

For models manufactured with customer’s fabric covering “COM”, please follow the instructions on page 15-16 of this price list section.

Made To Order upholstery program

— Customer own material (com) customer own material (com)

The minimum order quantities for this program are:

- 2 pieces for stools.
- 4 pieces for chairs.
- 2 pieces of head table armchairs.
- 2 pieces for chairs and armchairs, only if ordered in combination with other items (i.e. 1 table, other chairs, etc. object excluded). A 20% surcharge will be automatically applied.

For orders of 2 or 3 pieces, provide the fabric meterage including the consumption of one additional piece.

disclaimer, terms and conditions

- Please follow these rules carefully.
- The fabric consumption for each model (Please see the "COM" FABRIC CONSUMPTION page) refers exclusively to fabric 140 cm wide, solid color, with no defects. The possibility to use a fabric with a width different from 140 cm or a fabric with a pattern or leather is subject to Calligaris Spa's approval and to a higher fabric consumption compared to the one indicated on the pricelist.
- "COL" (Customer Own Leather) is no longer accepted.
- The non-upholstered structural frames will be covered with a standard non-branded fabric; on the models made with customer's own material we will not apply any other brand name.
- Seams and zips will always be stitched with a thread in a color matching the upholstery, according to the standards used for our models. The customer must clearly indicate possible special ways of cutting the fabric like stripes direction or decorations.
- Calligaris S.p.A. fabric approval refers only to the upholstering.
- Calligaris S.p.A. declines any responsibility in regard to wear and tear, fire resistance or other client's material technical features.
- Calligaris S.p.A. reserves the right to request a further dispatch of customer own material should it prove defective or insufficient.
- Calligaris S.p.A. is in no way responsible for the materials sent by the customer, for possible defects and technical deficiency of the materials themselves, for possible defects showing once the item has been upholstered, as well as maintenance and cleaning instructions.
- Calligaris will not return any excess fabric after the realization of the chairs.
- LEAD TIME FOR CUSTOMER OWN MATERIAL ORDERS: Production Lead Time is estimated in 8 weeks from our receipt of the pre-approved COM, except in case of different instructions due to particular features of the material and, in any case, after verification of the technical feasibility.

pre-approval process

The possibility to cover the requested product with COM is subject to Calligaris S.p.A. check of a sample that must be sent concurrently with the issuing of the order.
DO NOT send any material for production without having received previous approval from Calligaris.

- Email your PO to your correspondent in Italy;
- An A4 sample (210 x 297 mm) of the COM is sufficient.
- Send swatch sample to: Calligaris S.p.A. - Via Trieste, 12 - 33044 Manzano (UD) - Italy - ATTENTION: EXPORT DEPARTMENT
- The sample must be shipped to our company DDP "delivery duty paid" and must include all the information to identify the material, the order and the model it refers to. The Information must be applied to the outside of the packaging. The mandatory information consists of:
 - Name and address of shipper (material supplier; architect; interior designer; etc);
 - Name and address of the customer;
 - Your PO number;
- Customer needs to send an email to export@calligaris.it of shipment
- The shipment must be done using UPS or DHL or TNT. No shipments with any post office couriers will be accepted.
- The proforma documents must include the following text:
 - Fabric sent free of charge for manufacturing purposes only.
 - Value for customs purposes only.

material shipment for production

After you receive pre-approval of the sample (see "PRE-APPROVAL PROCESS" above), the customer own material ("COM") must be shipped to our company DDP "delivery duty paid" and must include all the information detailed above.

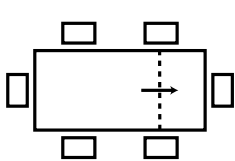

- The destination of the shipment is the following: CALLIGARIS S.P.A. - Via Trieste, 12 - 33044 Manzano (UD) - Italy - ATTENTION: EXPORT DEPARTMENT
- send an email to: export@calligaris.it alerting of shipment.
- The shipment must be done using UPS or DHL or TNT. No shipments with any post office couriers will be accepted.
- The material needs to be shipped as a roll, not folded, to avoid damage (only pre-approval sample swatches can be shipped flat).
- Custom clearance: the customer is responsible for asking their fabric supplier to include all technical information on the material, composition and contents.

how to process the orders through the portal

In order to offer you a better service, please be so kind as to follow the instructions here below to process the orders through the CALLIGARIS portal. This is for **stools, chairs, tables, coffee tables, mirrors, other accessories, sideboards**.

- Access the portal from the link **<https://b2b.calligaris.it/>**
- Select the desired products and quantities, which will automatically show in the cart on the top right of the screen

- Send the order directly from the cart after having double checked that everything is correct and then click on «create order»
- You will immediately receive via email a summary of the order
- The portal manages the quantities that are different from the standard packaging.
- The portal does not allow to cancel and/or amend the order after it has been sent. In this case, we kindly ask you to write directly to Calligaris.

All Calligaris product packages contain a "Product sheet" which complies with measures envisaged by the D.L. 206/2005 "CODE OF CONSUMPTION" and with the decree dated February 8th 1997 n. 101 "Implementation regulation".

This price list has a purely descriptive purpose; the information you will find inside is valid at the moment of its drafting. Features and sizes of all products are subject to variations, changes and improvements which can be made without prior notice and are not binding for Calligaris S.p.A.

Academy

Academy is the must-have chair family for those who want comfort, versatility and style. A unique project ranging from chairs to armchairs and stools with many combination possibilities between sitting materials and bases to meet every design need. The seat shells are available in polypropylene, regenerated leather, fabric (including the MTO program) and polycarbonate. Most models are part of the Greenbow program because they use recycled plastics or FSC wooden bases. Academy is a project designed for the home but also for the hospitality world thanks to the many variants and accessories that complete it.

Products suitable for outdoor use: metal parts have a cataphoresis treatment with powder or liquid coating finish.

Ops!

Ops! is a family of seats with a contemporary design and clean lines, ranging from chairs with or without armrests, stools, to home office chairs. It offers numerous combination possibilities of seat materials and bases in metal, wood, or aluminum. The seats are available with sleek, flexible shells made from recycled polypropylene or post-consumer plastic from food packaging, or in their fully upholstered, more enveloping and comfortable version. The collection is completed with home office chairs featuring aluminum or nylon bases and swivel stools. The chairs with four metal legs and plastic shells are stackable and also available in an outdoor version.

 **Products suitable for outdoor use:** metal parts have a cataphoresis treatment with powder or liquid coating finish.

Tuka

Tuka is a collection of seats with a soft and enveloping design for maximum comfort with an aesthetic that meets every need. The armchairs are available in recycled plastic or fabric upholstered (including the MTO program) with four types of base to choose among 4 metal legs, 4 wooden legs, base with aluminum feet or adjustable on casters. The chair, lounge chair and stools (available in two heights) that complete the range are fabric upholstered and available with 4 wooden legs or metal tube bases.

Products suitable for outdoor use: metal parts have a cataphoresis treatment with powder or liquid coating finish.

general sales conditions

Article 1. GENERAL CONDITIONS - SCOPE OF APPLICATION

1.1. Scope of Application

These general conditions of sale (hereinafter, the “**General Conditions of Sale**”) regulate all the contracts of sale between Calligaris S.p.A. (hereinafter, “**Calligaris**”), and a retailer (hereinafter, the “**Retailer**”, and, collectively with Calligaris, the “**Parties**”) for products (hereinafter, the “**Products**”) branded with the “**Connubia**” trademark and “**Calligaris**” trademark, depicted in the price list at the foot of which these General Conditions of Sale are printed, and which Calligaris has offered to make available to the Retailer, by delivering the relative price list.

These General Conditions of Sale are an integral and substantive part of all the Product orders and order confirmations made by and to each Retailer.

1.2. Changes and Additions

The Products under these General Conditions of Sale are those listed in the Calligaris price lists, at which foot appear these General Conditions of Sale, valid from the time in which Calligaris accepts the order, with the specifications and drawings therein contained. Any changes to the Product technical specifications requested by the Retailer must be accepted in writing by Calligaris. Calligaris shall be free to change the price lists and catalogues at any time and without any prior notice obligation, in accordance with Calligaris’ own production and business requirements. Any data concerning the characteristics and/or technical specifications of the Products included in the price lists or other information materials shall be binding with respect to the conformity of the Products to the extent that they are referenced in the Order Confirmation. These General Conditions of Sale exclude the application of any other conditions with respect to the Products, unless otherwise agreed upon in writing by Calligaris. No changes or additions made to the General Conditions of Sale by the Retailer shall be valid and binding unless they are expressly approved in writing by Calligaris.

Article 2. ORDERS

2.1. Submission Method

Each order for Products (hereinafter, the “**Order**”) shall be in writing preferably through the dedicated portal (<https://b2b.calligaris.it/>) and shall include all the elements needed to properly identify the Retailer (name or business name, address, telephone and fax numbers) and the Products being ordered. Pursuant to and by effect of Articles 1329 and 1331 of the Italian Civil Code, each Order, as any other Product order, shall be valid as a purchase offer, made by the Retailer, for the relative Products, and as such shall be regulated under these General Conditions of Sale and shall be deemed irrevocable for a period of 90 (ninety) days from the date in which the relevant Order is received by the Calligaris. With regard to made-to-order products, meaning products created based on specifications provided by the Retailer their relevant Order shall be irrevocable. The term “Made To Order” shall apply to (i) products that feature customised characteristics and are identified by the acronym MTO in the attached price list; and (ii) in any case, any articles in the Bed and in the Sofa and Lounge chairs collections (sofas, lounge chairs, etc.).

2.2. Order Completion

Each Order shall be deemed to have been accepted only following Calligaris’ written confirmation to the Retailer (hereinafter, the “**Order Confirmation**”). At any rate, Calligaris reserves the right to reduce the quantities ordered in accordance with Calligaris’ own production and business requirements, duly informing the Retailer of such reduction in writing.

The Retailer must in any case always check the Order Confirmation, and, should the Retailer find any errors or discrepancies in the Order Confirmation as opposed to the Order or any other Product order submitted, it must promptly inform Calligaris of said errors or discrepancies.

Calligaris’ acceptance of one or more Orders shall not be deemed a circumstance such as to give rise to reliance as to Calligaris’ acceptance of future orders, which Calligaris shall be free to decline, at its own discretion, and such refusal shall not give rise to any liability whatsoever upon Calligaris.

2.3. Exclusivity

The issuing of an Order Confirmation by Calligaris does not entail any exclusivity rights in favour of the Retailer. Therefore, Calligaris shall have the right to enter into agreements with third parties for the supply of Products that are identical or similar to the ones in the Order, including in the same area where the Retailer operates.

Article 3. PRICES AND PAYMENT TERMS

3.1. Purchase Price for Retailer

The purchase prices payable by the Retailer shall be those included in Calligaris’ price list valid on the date of delivery of the Products in the Country of the Retailer, net of any discounts granted by Calligaris to the Retailer in each Order, and confirmed in the Order Confirmation, which correspond to the discounts stated in the relative invoice issued for the performance of the Order (hereinafter, the “**Price**”). The Retailer therefore acknowledges and accepts that it is his responsibility to check the price list applicable from time to time in the place of reference prior to submitting an Order. Said unit prices shall not include VAT and shall include any additional and different costs borne by Calligaris for packaging, shipping, loading, and any other cost and charge as may be borne up to delivery, without prejudice to the provisions of Article 4.4 below.

3.2. Calligaris Price List

The Calligaris Price List valid from time to time in each Country are recommended prices for the retail sale of the Products. Calligaris shall inform the Retailer as to any updates to the applicable price lists.

3.3. Payment Terms and Conditions and Consequences of Breach

The terms and conditions of payment for the Products, stated in each Order and confirmed in the Order Confirmation, are valid starting on the invoice date issued for the performance of each Order, irrespective of the actual date of delivery of the Products. Should the Retailer fail to comply with the payment terms and conditions set out for each Order, Calligaris shall have the right (i) to immediately suspend the delivery of the Products, including where such delivery relates to agreements already in course of performance, and/or (ii) to immediately terminate the relative agreement pursuant to Article 1456 of the Civil Code, and or (iii) to obtain compensation for any damages suffered, or to cancel any discounts or favourable terms granted to the Retailer. Calligaris shall have the right (i) to withdraw from the agreement, to immediately suspend the delivery of the Products, even if related to contracts already in execution and/or (ii) to immediately terminate the relevant contract pursuant to Article 1456 of the Civil Code and/or to obtain compensation for any damages suffered, and/or furtherby cancel any discounts and favourable conditions possibly granted to the Retailer and/or (iv) retain any deposits or partial payments made by the Retailer as a penalty, without prejudice to the compensation for further damages. Calligaris shall have the right to withdraw from agreement simply sending a written notice, where there are objective elements, whether unexpectedly emerged or unknown to Calligaris at the time in which it accepted the Order, which lead to believe that the Retailer may be insolvent or lack the means to see to the timely payment of any agreed sums.

Under no circumstances may the Retailer suspend any payments, whether in whole or in part, or delay any payments due as per the above payment terms, including where the Retailer should raise any complaints or report any flaws or defects.

Failure to pay even a single invoice by the due date results in the immediate forfeiture by the Retailer of any granted deferral period, making all credits immediately due.

3.4. Payment Extensions and Default Interest

On account of the obligations arising out of its trade credit insurance covers, Calligaris is not authorised to grant any payment extensions or make any exceptions to the payment terms agreed between the Parties and stated in the Order Confirmation.

Any amounts due to Calligaris and unpaid by the Retailer within the agreed due dates shall be subject to default interest in the rate established in Article 5 of Legislative Decree No. 231 of 9 October 2002.

In any event, Calligaris shall have the right to be reimbursed for all the costs borne by Calligaris on account of the Retailer’s late payments.

Article 4. DELIVERIES

4.1. Incoterms _Failure or delay in the collection

Unless otherwise agreed in writing and stated in the Order confirmed by Calligaris, the Products shall be delivered under “Carriage and Insurance Paid To The Place of Destination” terms (Incoterms 2020). The Retailer shall be solely responsible for all the risks and costs arising out of any failed or delayed taking delivery of the Products at their place of destination and within the time-frames agreed for delivery. The places of delivery shall be those stated in the Order Confirmation.

The failure or late delivery (and/or the failure or late collection) of the Products for reasons not attributable to Calligaris shall still be considered as delivery having taken place. In this case, the risk shall be deemed to have passed to the Retailer upon notification, in any form, that the goods are ready for collection, with Calligaris having the right to invoice and the with the consequent commencement of the payment terms. In the event of the Retailer’s failure to collect or accept the Products, Calligaris is also authorised to charge storage costs amounting to 7 (seven) Euros for each cubic metre of Products for each full week of non-compliance. Without prejudice to the above, in the case where delivery is agreed upon under the “EXW” (ExWorks) formula at the Calligaris facility, if the Products are not collected within 2 weeks from the notification that the goods are ready, Calligaris shall also have the right to relocate the Products at the Retailer’s expense to another location, where they shall be stored at the Retailer’s expense and risk.

4.2. Terms of Delivery

The terms of delivery stated in each Order Confirmation shall be deemed indicative of the average delivery times that can be generally estimated at the time of the Order Confirmation. Said terms may, upon providing information thereof to the Retailer, be subject to changes on account of production requirements, unforeseeable and intervening events, market fluctuations.

4.3. Notice and Termination of the Sale

If the Products are not delivered within the agreed delivery times, the Retailer may terminate the agreement under Article 1454 of the Civil Code, by sending a notice to perform to Calligaris, requesting delivery of the goods within a period of no less than 20 (twenty) days, with the warning that, should Calligaris fail to do so, the agreement shall be deemed terminated.

4.4. Delivery in Several Batches and Quantity Variations

Calligaris reserves the right to deliver the Products in several subsequent batches.

general sales conditions

Unless otherwise agreed in writing between the Parties, in case of delivery in several batches, the payment deadlines for each batch of Products shall run from the date of invoice of each batch. The quantity of Products per each package is pre-set. Calligaris reserves the right to adjust the quantity of Products requested in order to comply with package unit quantity or to request a contribution to help cover the incurred packaging costs.

4.5. Title of Ownership of the Products

Without prejudice to the passing of risk to the Retailer upon delivery, or according to art.4.1 Calligaris shall have title of ownership over the Products sold under these General Conditions of Sale until full and final payment of the Price within the deadlines established in the Order and in the Order Confirmation.

Taking into account said retention of title, the Products shall be in the custody of the Retailer, and the latter shall be liable for any damages to said Products. The goods subject to retention of title shall be stored separately and visibly marked as such. Any circumstance involving the Products subject to retention of title (including, by way of example and not limitation, enforcement proceedings and any transfers of Products) shall be brought to the attention of Calligaris under Article 13 below.

Article 5. COMPLAINTS, WARRANTIES, AND RETURNS

5.1. Methods and Deadlines for Submitting Complaints

a) Manifest Flaws or Discrepancies upon Delivery

Any complaints regarding quantities of Products and any reservations for any manifest damages to the Products delivered or to their packaging (including, but not limited to, broken, damaged, or missing packages), shall only be valid when they are (i) in writing, by the Retailer to the carrier at the time of delivery, and (ii) communicated by the Retailer to Calligaris by and no later than 48 (forty-eight) hours from said delivery.

b) Apparent Defects in the Products

The Retailer must notify Calligaris in writing of any complaints for any flaws, including aesthetic defects, apparent defects (where not falling within the defects listed under a) above), meaning defects that can be detected through reasonable diligence by a professional operator (including, but not limited to, missing Product parts as compared to the list of components provided in every package; scratches, marks, dents, unusual opacity of outer surfaces, etc.), and such complaints shall only be valid when made - by and no later than 8 (eight) days from the time of detection, and in any case before the Products are assembled at the final customer's facilities;

- in writing, accompanied by (i) photographic documentation showing said defects; (ii) a brief description of the defects and the manner in which they were detected. The Retailer therefore acknowledges and accepts that it is its duty to check the Products, and to notify Calligaris of any apparent defects before assembling the Products at the final customer's facilities.

If the Products present apparent defects, the Retailer undertakes to abstain from assembling the Products, unless otherwise instructed by Calligaris in writing.

c) Non-Apparent Defects in the Products

Any complaints concerning defects that are not apparent, meaning defects that do not fall within the scope detailed above, and namely defects that concern the Product's functioning (such as, but not limited to, consistency and conformity between the parts of a Product, including in terms of dimensions, such that they can only be detected when assembling the Product), shall be valid only when notified in writing to Calligaris within 8 (eight) days from their discovery, in the same manner detailed under point b) above.

In any case, the Products can no longer be the object of any complaint or claim after 12 (twelve) months from delivery.

5.2. Product Warranties and Limitation of Liability

Product warranty is limited to the cases when flaws or defects are directly and exclusively attributable to Calligaris. Any changes to the packaging of the Products and any tampering thereof by the Retailer or third parties, and any failure to comply with the precautions and instructions regarding the storage, maintenance, usage, and control of the Products in accordance with industry best practice will result in the forfeiture of the warranties provided by Calligaris with respect to any defects in the Products, and the Product's conformity with the specifications stated in each Order and confirmed in each Order Confirmation shall be determined based to the state and quality of the Products at the time in which

the risk is transferred to the Retailer. It is understood that Calligaris declines any responsibility with respect to the assembly of the Products at final customers' facilities, which shall be handled by, and under the responsibility of, the Retailer.

Calligaris' liability shall be excluded to the fullest extent permitted by law with respect to any indirect or consequential damages and/or any loss of profit which the Retailer may suffer in consequence of Product defects, including (but not limited to), a), order cancellations by customers, penalties for delayed deliveries or reimbursements of any nature, and losses that could have been prevented by the Retailer had the latter followed the reasonable advice and instructions imparted by Calligaris, or caused by the Retailer's failure to adopt every appropriate security measure in accordance with industry best practice.

5.3. Returns

In any case of Product returns, the Products shall be made available for collection within the time-frames and in the manners requested by Calligaris. The Products returned shall only be accepted with the prior written authorisation of Calligaris. For more details, please see the "General Rules for Returns" Calligaris' authorisation to return Products shall also be valid as an Order Confirmation for the delivery of replacement products, which shall be regularly invoiced.

Products shall be returned exclusively by using the vehicles authorised by Calligaris, and must be accompanied by a return authorisation document. Returned Products must be delivered to Calligaris within 60 (sixty) days of the authorisation issued by Calligaris. If, on at least 2 (two) occasions, when the vehicle authorised by Calligaris stops by, the Products to be returned are not handed in, the authorisation to return said Products shall be automatically null and void, and payment for the Products shall be due in full within the terms of the original Order. The use of carriers other than Calligaris' vehicles is subject to Calligaris' prior authorisation.

The goods must be returned in their original packaging, or any packaging suitable to appropriately preserve the Products over the course of transport.

Calligaris retains the right to check the integrity of the Products returned, and, where such integrity is compromised, to reject said returns, or, where the Products are damaged due to unsuitable packaging, to charge the Retailer additional costs for repairs.

Once the Products are checked and after confirming the presence of the flaws and defects that led to a request to return said Products, Calligaris shall inform the Retailer and issue a credit note relative to the invoice issued in performance of the relevant Order.

Where the conditions for the procedure to return Products activated by the Retailer are not met, the latter shall be under obligation to pay the Price for both the Products returned and for the replacement Products delivered.

It is expressly agreed that the Parties may not off-set any receivables arising from the Products returned against any payables arising from any Products under separate Orders.

Article 6. TAXES, DUTIES

All the taxes and duties connected to the Products purchased are payable by the Retailer. Any legislative changes occurring over the course of performance of the Agreement shall be borne by the Retailer including in the event of delayed delivery of the goods.

Article 7. FORCE MAJEURE

The Parties shall not be liable for their failure to perform their obligation to the extent that said non-performance is due to an impediment beyond their control and choice (which may include, by way of example and not limitation, strikes, boycotts, lockouts, fires, floods, earthquakes, civil and other wars, riots, revolutions, requisitions, embargoes, power cuts, measures imposed by the Public Authority, epidemics and pandemics). In this case, delivery deadlines shall be extended and the new delivery deadline shall be established by mutual agreement between the Parties.

The Party who invokes exemption from liability is under obligation to inform the other as soon as possible from the time in which it has learned of the impediment, the existence of said impediment, and the effects thereof to its ability to discharge its contractual obligations. Similarly, the same Party shall inform the other as soon as the event giving rise to the above exemption from liability is no longer in place. Should a Party fail to provide the above information to the other, and namely of the onset and of the conclusion of an event of force majeure, shall be liable for the damages that could have otherwise been prevented.

If the cause giving rise to an exoneration of liability persists for a non-negligible period of time based on the needs of the Parties, each Party shall have the right to terminate the agreement by notifying the other in writing.

Article 8. PRODUCT SALES BY THE RETAILER

8.1. Agreed sales methods

The Retailer may sell the Products only through the points of sale whose address is listed in the Order. The possibility of reselling the Products through points of sale located elsewhere is subject to Calligaris' prior written authorisation.

Any liability arising from (i) the opening and management of the point of sale, including — by way of example but not limited to — matters relating to staff, ownership or use of the premises where the point of sale is located, Public Administration, and the request for any authorisations for the display of signage outside the POS, (ii) the activation and management of the Website and/or in any case from the promotion or sale of the Products online, shall be the sole responsibility of the Retailer.

The Retailer may not provide any guarantees on behalf of Calligaris to third parties and must notify Calligaris of any laws and regulations enacted within their sales area concerning the Products and their sale. In any case, the Retailer shall be solely responsible for complying with the applicable local regulations regarding the import and/or sale of the Products, as well as any related costs or charges.

The Retailer shall refrain from engaging in any sales promotion, commercial, or advertising activity that deviates from the general principles and criteria used by Calligaris or, more generally, from undertaking actions or initiatives that could be detrimental to the commercial image of Calligaris and/or its Products.

Article 9. ON-LINE SALES

Retailers may sell the products via the Internet, with the express exclusion of sales via the Calligaris e-commerce platform, which shall be managed directly by Calligaris. Such sales must comply with the obligations set out below and adhere to Calligaris' branding policy, unless otherwise agreed in writing with Calligaris

9.1. Domain Name

The Retailer is not authorised to register, and shall not register, any domain name containing the Connubia or the Calligaris trademark, whether in whole or in part.

9.2. Website Content

The Website must be professionally designed and kept up to date from a technical perspective. Visitors to the Website must clearly recognise that it is a Retailer's Website and not the official Calligaris Website. The Website layout and content must not create any confusion for the end consumer in this regard.

general sales conditions

The Website must include:

- mandatory information about the Retailer (name, services offered to the public, contact details and address, legal information, privacy requirements, and Calligaris's company profile);
- clear indication on every page of the Products for which sales are promoted
- a clear link to the Calligaris website on every page where the sale of the Products is promoted, without the use of the Calligaris or Connubia trademark in any case

9.3. Obligations of the Retailer

The Retailer, if operating through virtual points of sale, must provide support services that must include (i) pre-sales consultation; (ii) home delivery (understood as delivery to the floor); (iii) assembly/installation service following purchase; (iv) repair and replacement where necessary; (v) post-sales helpdesk available during working hours. The Retailer must provide buyers with a secure payment system.

Sales, both physical and online, must be carried out in strict compliance with all applicable mandatory consumer protection laws, including the laws of the Country where the customer is located at the time of purchase. Failure to comply with mandatory consumer protection laws shall entitle Calligaris to immediately cease supplies to the Retailer, even with reference to orders that have already been accepted.

The Retailer shall provide for online sales made through the Website the same after-sales services provided for sales made within the point of sale, including: (i) home delivery (understood as delivery to the floor); (ii) assembly/installation service following the initial purchase; (iii) repair and replacement where necessary; (iv) post-sales helpdesk in the (fluent) language of the delivery country, available during working hours, with the availability of the service clearly visible on the Website.

The Retailer may use third-party platforms such as eBay and Amazon to distribute the Products, provided that they offer the same after-sales services for online sales as those provided for sales made within the point of sale.

Article 10. PROHIBITION AGAINST TRADEMARK USE

The Retailer is expressly prohibited from using the trademarks that identify the Products for any promotional and/or advertising purpose without the prior written consent of Calligaris, except for the use strictly necessary to promote the sale of the Products through the retail points managed by the Retailer and the Website, in accordance with these general conditions.

Article 11. PRIVACY

In the performance of this Agreement, the Parties may mutually exchange, or their representatives may make available, the personal and contact data (personal details, work e-mail, landline and mobile work phone numbers, etc.) of their directors, employees, and associates, who, based on their assigned tasks and duties, manage the agreement and/or perform the same.

Therefore, both Parties shall process said personal data limited to the extent to which they are necessary for the performance of all the aspects of the Agreement. Said data shall be retained until the mutual obligations under the Agreement are completed, and subsequently based on the limitation periods applicable to company acts and documents. Each employee or associate may exercise all the rights listed under Articles from 15 to 21 of Regulation (EU) 2016/679, without prejudice to the limits arising out of the legitimate interest of the employer. The Retailer declares to have received, read, and understood the privacy policy provided under Articles 13 and 14 of Regulation (EU) 2016/679, and, by accepting these General Conditions of Sale, gives its consent to the processing of its personal data for the purposes and in the manners detailed in said privacy policy.

Article 12. APPLICABLE LAW AND JURISDICTION

12.1. Italian Law

These General Conditions of Sale are governed for all purposes by the Laws of Italy, with express exclusion of the uniform law on international sales of goods provided under the Vienna Convention and other international Conventions to which Italy may be a signatory.

12.2. Competent Court

Any dispute concerning or related to these General Terms and Conditions of Sale shall be subject to the exclusive jurisdiction of Milano or Udine court. The choice of such court shall be the exclusive and unquestionable prerogative of Calligaris

Article 13. MISCELLANEA

All the communications addressed to Calligaris under the General Conditions of Sale shall be in writing and sent to the legal representative of Calligaris to the address stated on invoices, or via Certified E-Mail to calligaris@pec.calligaris.it.

The Retailer may find information and details on Calligaris' policies and Products, and on the Connubia and Calligaris trademarks at <https://www.orbitaldesigncollective.com/>. The nullity or invalidity of any provision of the General Conditions of Sale shall not entail the nullity of the General Conditions of Sale as a whole, or nullify or invalidate single transactions for the purchase and sale of the Products.

The Parties expressly agree to replace, where possible, the provision being deemed null or invalid with a different provision with a content that is similar to the original will of the Parties and is in line with the contractual relationship created between the Parties.

Calligaris' failure to exercise its rights under the General Conditions of Sale shall not constitute a waiver by Calligaris, with respect to the Retailer, of Calligaris' right to exercise any such right in the future or to apply other provisions of the General Conditions of Sale.

Article 14. ORGANISATIONAL MODEL UNDER LEGISLATIVE DECREE 231/2001

The producer adopted an organisation, management and control model under Legislative Decree No. 231 of 8 June 2001, and a Code of Ethics, which lay down the business ethics values and principles which Calligaris complies with and which compliance is required by Calligaris within the scope of its business activity. The client declares to have read the Organisation, Management, and Control Model and the Code of Ethics, and to undertake to comply with and abide by said principles and procedures in the performance of the obligations undertaken under this Agreement.

Pursuant to and by effect of Articles 1341 and 1342 of the Civil Cod, the Retailer declares to have carefully read and understood, and to expressly accept the following provisions of the General Conditions of Sale:

- Art. 1.1. (Scope of Application);
- Art. 1.2. (Changes and Additions);
- Art. 2.2. (Order Completion);
- Art. 3.2. (Calligaris Price Lists);
- Art. 3.3. (Payment Terms and Conditions and Consequences of Breach);
- Art. 4.1. (Incoterms - Failure or delay in the collection)
- Art. 4.2. (Terms of Delivery);
- Art. 4.4. (Delivery in Several Batches and Quantity Variations);
- Art. 4.5. (Title of Ownership of the Products);
- Art. 5.1. (Methods and Deadlines for Submitting Complaints);
- Art. 5.2. (Product Warranties and Limitation of Liability);
- Art. 5.3. (Returns);
- Art. 7. (Force Majeure);
- Art. 8. (Product Sales by the Retailer)
- Art. 9. (On-line Sales);
- Art. 12. (Applicable Law and Jurisdiction).

General Rules for Returning Products

Product returns are governed by the provisions detailed in the General Conditions of Sale reported on the price-list under Returns. In any case, please find below some of the most relevant provisions regarding Returns:

- The place of destination for the goods must be: Calligaris S.p.A., Cascina Rinaldi, via Braiduzza, 6 - 33048, S. Giovanni al Natisone (UD), Italy;
- The goods must be returned exclusively through one of our vehicles or via carrier with our prior authorisation;
- We will carefully check the state of preservation of the goods upon their return, and, in case we should find any damages not ascribable to us, you will not be reimbursed for the value of single elements;
- If the goods are not returned in their original packaging (or other packaging suitable to preserve the integrity of the goods during transport to our warehouse), and the lack of such original or appropriate packaging causes the goods to suffer any damages, we regret to inform you that we will need to deduct the cost for any repairs as may be needed from any amounts due to you.

Calligaris has implemented a portal reserved for our customers to enter their orders, find all the information about deliveries, product availability, technical data and much more.

The Portal may be accessed at the following URL:

<https://b2b.calligaris.it/>

In order to access the Portal you must have a correct User ID and Password.

Calligaris will assign and notify you your User ID and Password.

The new phone number to reach the Customer Service is:

+39 0432 748 555

with an access code (P.I.N.) supplied via email by Calligaris S.p.A..

For technical support requests, replacements and warranty:
access the **AFTER SALES** section of the customer portal

policloruro de vinilo

Wood types — Maderas

Solid wood — Madera maciza

Obtained by cutting the tree log through a mechanic process. The aesthetic features and grain pattern depend on the wood essence. Solid wood is usually varnished (finishing process) and reproduces the typical essence shades.

Se obtiene directamente del tronco del árbol mediante elaboración mecánica. La particularidad estética y de veta es característica de la esencia leñosa utilizada. La madera maciza viene acabada en la tonalidad típica de las varias esencias con un trabajo de barnizado Acabado.

Veneers — Chapado

Veneer is obtained by using thin sheets of wood with different thicknesses which are taken from the best quality tree logs. Veneer layers are usually glued to a support and then stained accordingly. Veneer increases the quality of the products and delivers an excellent aesthetic result.

Se realiza empleando hojas de madera noble de espesor variable recogido directamente de los troncos de mejor calidad. Estos son, después, pegados a varios soportes y acabados en la tonalidad de color deseada. Confieren gran calidad al producto y un excelente resultado estético.

Melamine finishes | Thermal structured surfaces

Obtained by gluing plain coloured or patterned sheets which are spread on the visible layer with melamine resins on a wooden grain panel (support). Melamine coated panels allow a great variety of aesthetic solutions, they are durable and have excellent stability and resistance to wear and tear.

Ennoblecidos | Superficie termoestructurada

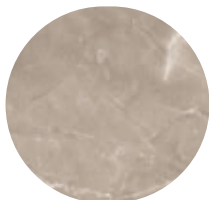

Son revestimientos pre-terminados, obtenidos empleando papeles (unicolores o estampados) empuñados o untados por el lado decorativo generalmente con resina melamínica, y aplicados sobre un panel de particulares de madera (soporte). Garantizan una gran variedad de soluciones estéticas, óptima estabilidad y buenas características de resistencia al uso y duración en el tiempo.

Wood types — Maderas

Laminated finishes — Laminados

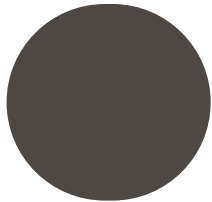

Obtained by pressure gluing various layers of fibrous material soaked in thermosetting resins and spread on the visible layer (plain coloured or patterned) with melamine resins. They are then glued on a wooden grain panel (support). Laminated panels allow a great variety of aesthetic solutions and have excellent stability, resistance to wear and tear, collisions, abrasion and humidity.

Son revestimientos prefinidos obtenidos pegando a presión varios estratos de material fibroso empuñados con resinas termo-endurecentes y untados por el estrato decorativo (unicolor o estampado) con resina melamínica. Se pegan, luego sobre un panel de partículas de madera (soporte). Garantizan una gran variedad de soluciones estéticas y óptimas características de estabilidad, resistencia a la usura, a los golpes, a la abrasión y a la humedad.

Multilayer laminate tops (hpl) — Laminado estratificado (hpl)

This multilayer laminate is a 10 mm thick, self-supporting material formed with different layers of fibrous material absorbed with thermosetting resins and pressed together under high pressure. The external surface of the panel is a decorative laminate made with a base of thermosetting resins.

El laminado estratificado utilizado es un material autoportante de espesor 10mm constituido por distintos estratos de material fibroso empuñados con resinas termo-fraguantes apretados entre ellos ad alta presión. La superficie exterior del panel está realizada con un laminado decorativo a base de resinas termofraguantes.

Ceramic — Cerámico

Laminated ceramic-glass — Acople cerámica-cristal

The ceramic-glass top is a self-holding product manufactured by coupling one ceramic plate (porcelain tile) to a floating glass thanks to a special process carried out in autoclave.

The ceramic plate thickness is 3 mm and is coupled with an 8 mm thick glass (for a total of 11 mm). For the P2C and P39C finish, the ceramic plate thickness is 6 mm and is coupled with a 6 mm thick glass (for a total of 12 mm).

The porcelain tile is a ceramic material obtained using a mixture of stoneware composed by clay and valuable raw materials, which are mixed, body tinted, compacted whilst high pressure is applied and finally fired at 1200 °C.

The porcelain tile working surface features exceptional performances in terms of scratch, impact, stain, thermal shock and chemical resistance. It is easy to clean and very hygienic because it does not absorb liquids and does not release harmful substances.

La tapa cerámica-cristal es un producto autoportante obtenido acoplado, con un procedimiento especial en autoclave, una lámina de cerámica (gres porcelánico) con un cristal float.

El espesor de la lámina de cerámica es de 3 mm, acoplada con un cristal de espesor de 8 mm (total 11 mm). Para el acabados P2C y P39C el espesor de la lámina de cerámica es de 6 mm, acoplada con un vidrio de 6 mm de espesor (total 12mm).

El gres porcelánico es un material cerámico obtenido con materias primas de destacado valor y pureza, picadas y teñidas en el empaste, compactadas a elevada temperatura y cocidas a la temperatura de 1200 °C. La superficie de trabajo de gres porcelánico presenta excelentes propiedades que le confieren resistencia al rayado, a los golpes, a las manchas, a las variaciones térmicas y a los productos químicos. Resulta fácil de limpiar y totalmente higiénico porque no absorbe líquidos y no suelta sustancias nocivas.

Laminated ceramic-wood — Acople cerámica-madera

The ceramic-wood top is obtained by applying a layer of ceramic (gres porcelain tile) onto a panel made of wooden particles with a special gluing technique.

The porcelain tile is a ceramic material obtained using a mixture of stoneware composed by clay and valuable raw materials, which are mixed, body tinted, compacted whilst high pressure is applied and finally fired at 1200 °C.

The porcelain tile working surface features exceptional performances in terms of deep abrasion, stain, thermal shock and chemical resistance. It is easy to clean and very hygienic because it does not absorb liquids and does not release harmful substances.

El acople cerámica-madera es un producto obtenido acoplado, con un procedimiento especial, una lámina de cerámica (gres porcelánico) a un un panel de partículas de madera. El gres porcelánico es un material cerámico obtenido con materias primas de destacado valor y pureza, picadas y teñidas en el empaste, compactadas a elevada temperatura y cocidas a la temperatura de 1200 °C.

La superficie de trabajo de gres porcelánico presenta excelentes propiedades que le confieren resistencia al rayado, a los golpes, a las manchas, a las variaciones térmicas y a los productos químicos. Resulta fácil de limpiar y totalmente higiénico porque no absorbe líquidos y no suelta sustancias nocivas.

Glass stone

The glass stone top is made of tempered glass with a surface layer of ceramic glaze, fired in an oven at a temperature of 800°C. This technology gives the material characteristics similar to those of ceramic-glass top: resistance to thermal shocks, no discoloration over time, water repellency, resistance to corrosion and scratches. It is easy to clean even when dirty or greasy.

La tapa glass stone está fabricada en vidrio templado con una capa superficial de esmalte cerámico, fijada en horno a una temperatura de 800 °C. Esta tecnología confiere al material características similares a las de la tapa cerámica-vidrio: resistencia a los cambios bruscos de temperatura, ausencia de decoloración en el tiempo, impermeable, resistente a la corrosión y al rayado. Es fácil de limpiar incluso en presencia de suciedad y grasa.

Plastic materials — *Materiales plásticos*

In order to guarantee product durability, clean the plastic elements by using lukewarm water and mild soap only.

Do not use ethyl alcohol or detergents that contain even small amounts of acetone, trichloroethylene or ammonia or solvents in general.

Do not use any universal degreaser.

Do not use abrasive products.

Para garantizar la duración del producto limpiar las partes en plástico utilizando sólo agua tibia y jabón neutro.

Hay que evitar el uso de acetona, tricloroetileno y amoníaco o detergentes que contengan cualquier cantidad, por pequeña que sea, de estas sustancias, que atacan los plásticos. También conviene evitar el alcohol etílico, porque si no está muy diluido en agua puede volver opacas las superficies.

No utilizar desengrasantes universales.

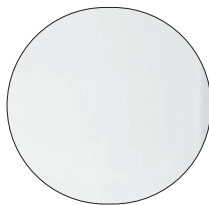

No usar productos abrasivos

Synthetic fabrics — *Materiales sintéticos*

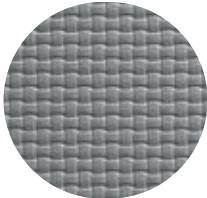

Synthetic fabrics should be cleaned periodically in order to maintain their appearance and prevent build-up of dirt and contaminants. Any stain, spills or soiling should be cleaned up promptly to prevent the possibility of permanent staining. Use soft soapy solutions or special cleaning products for washable synthetic fabrics to remove stains on the surface of the material. Remove only with a damp white cloth. Lacquers, strong cleaners or acetone cause immediate damage and contribute to the deterioration of the material. The use of such cleaners is at owner's risk. Certain clothing and accessory dyes (such as those used on denim jeans) may migrate to lighter colours. This phenomenon is increased by humidity and temperature and is irreversible. Calligaris S.p.A. will not assume responsibility for dye transfer caused by external contaminants and possible permanent staining caused by this phenomenon.

Los materiales sintéticos se deben limpiar periódicamente para mantener su apariencia y evitar la acumulación de contaminantes y mugre. Todas manchas, derramamientos o suciedad se deben limpiar con rapidez para evitar un manchado permanente. Use soluciones jabonosas suaves o productos de limpieza especiales para eliminar las manchas de la superficie del material. Limpie solamente con trapos blancos humedecidos. Las lacas, los limpiadores fuertes, los detergentes y la acetona causan daño inmediato y contribuyen al deterioro del material. El uso de estos limpiadores es bajo su propia responsabilidad. Ciertas prendas de vestir y tintes de accesorios (como los utilizados en los pantalones vaqueros) pueden migrar a superficies más claras. Este fenómeno se ve incrementado por los efectos de la humedad y la temperatura; es irreversible. Calligaris S.p.A. no asumirá ninguna responsabilidad ante reclamos de transferencia de color originados por contaminantes externos ni ante reclamos de manchas permanentes causadas por este fenómeno.

Regenerated leather | Soft leather — Cuero regenerado | Piel

Regenerated leather — Cuero regenerado

Regenerated leather is the result of the mixture of leather off-cuts (min 60%) and other natural materials. Regenerated leather is finished with the same procedure used for leather.

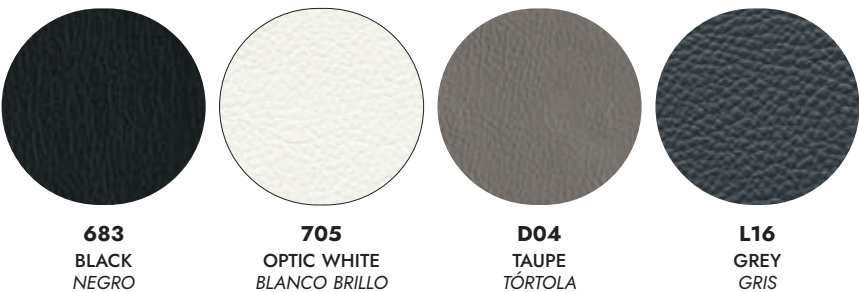

El regenerado de cuero es un aglomerado obtenido de mezcla de virutas de las pieles (mínimo 60%) y otros materiales naturales y acabado con la misma modalidad utilizada para el cuero.

Soft leather — Piel

Leather comes from the finest part of the European ox skin (the core) cut in different thicknesses depending on the requests and then tanned. The external finish is obtained by using water based colours.

La piel utilizada se obtiene de la parte mas noble de las pieles (la flor) de bovino europeo cortado en espesor variable según la exigencia y sometido a curtido. El acabado externo es obtenido con pigmentación a base de agua.

Symbols materials — *Símbolos materiales*

water and stain repellent

Material suitable for outdoor use with treatment that prevents the penetration of water-based stains.

repelente al agua y a las manchas

material apto para uso externo con tratamiento que evita la penetración de manchas al agua.

water and stain resistant

Material suitable for outdoor use with a treatment that delays the absorption of water-based stains.

resistente al agua y a las manchas

Material apto para uso externo con un tratamiento que retrasa la absorción de las manchas al agua.

sun and uv resistant

Material suitable for outdoor use, resistant to fading and color degradation effects.

resistente al sol y a los rayos uv

Material apto para uso en exteriores resistente a los efectos de decoloración y degradación del color.

mold and mildew resistant

material suitable for outdoor use resistant to mold and mildew.

resistente a moho y hongos

material apto para exterior resistente a hongos y moho.

easy care

material suitable for outdoor use and easily washable with water only and common household non aggressive detergents.

fácil de limpiar

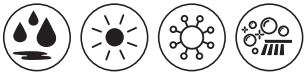

material apto para uso en exteriores y fácilmente lavable solo con agua y detergentes domésticos comunes no agresivos.

Wood types — Maderas

Multilayer laminate tops (hpl) — Laminado estratificado (hpl)

HPL (High Pressure Laminate) is a self-supporting material, with a 10 mm thick black visible edge. It's resistant to abrasion, bumps, scratches and common solvents and to the outdoors. It's antibacterial and, therefore, suitable for contact with food, moreover, it's easy to clean with common household detergents.

El HPL (High Pressure Laminate) es un material autoportante, con un borde negro de 10 mm de espesor. Es resistente a la abrasión, impactos, rayones y solventes comunes y es resistente al ambiente externo. Es antibacteriano y, por tanto, apto para el contacto con alimentos, además es fácil de limpiar con detergentes domésticos habituales.

Metals — Metal

Metal

Steel is a material with good strength and workability. Special cataphoresis and powder or liquid coating treatments, tested to minimize the effect of external agents, make it suitable for outdoor use.

Aluminium

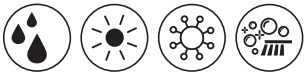

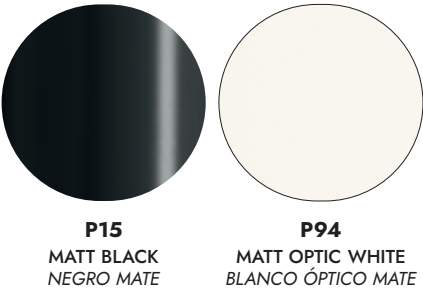

Aluminium is a light material with good mechanical properties. Special cataphoresis and powder or liquid coating treatments make it suitable for outdoor use.

Metal

El acero es un material con buenas propiedades de resistencia y trabajabilidad. Los tratamientos especiales de cataforesis y pintura en polvo o líquida, testados para minimizar el efecto de agentes externos, lo hacen apto para uso exterior.

Aluminio

El aluminio es un material ligero con buenas propiedades mecánicas. Los tratamientos especiales y la pintura en polvo o líquida lo hacen apto para uso en exteriores.

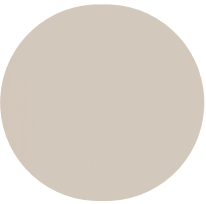

Plastic materials — *Materiales plásticos*

Polypropylene is a thermoplastic polymer characterized by a good breaking load, a good thermal and abrasion resistance. Its formulation allows it to reduce the negative effects of the combined action of external agents such as water, light, etc. Material suitable for outdoor use.

El polipropileno (PP) es un polímero termoplástico que se caracteriza por una buena resistencia a la tracción, buena resistencia térmica y a la abrasión. Su formulación le permite reducir los efectos negativos de la acción combinada de agentes externos como el agua, la luz, etc. Material apto para uso en exteriores.
